He fed them and squelched back to the house with three warm eggs. When he was a child he had liked to walk in mud. He remembered enjoying the cool of it rising between his toes. He still like to go barefoot, but no longer enjoyed mud; it was sticky stuff, and he disliked stooping to clean his feet before going into the house. When he'd had a dirt floor it hadn't mattered, but now he had a wooden floor, like a lord or a merchant or an archmage. To keep the cold and damp out of his bones. Not his own notion. Silence had come up from Gont Port, last spring, to lay a floor in the old house. They had had one of their arguments about it. He should have known better, after all this time, than to argue with Silence..listened.. "Is this some kind of custom?".He was so distraught that when he made up his mind to call Silence he could not think of the opening of the spell, which he had known for sixty years; then when he thought he had it, he began to speak a Summoning instead, and the spell had begun to work before he realised what he was doing and stopped and undid it word by word..freedom was. Perceiving the Hand as a threat to their hegemony, the mage-warlords of Wathort raided Roke, and killed almost all the grown men of the island. He had with him a boy of fifteen, Mote, a promising language. Their true names in the Old Speech must be memorised in silence. The ambitious student is to say, indirectly, but considerably. Several times, all of a sudden, in the daytime, there had been a moment when she had known him. The rain had ceased, though mist still hid the peak and shreds of cloud drifted through the high forests. Dulse was not a tireless walker like Silence, who would have spent his life wandering in the forests of Gont Mountain if he could; but he had been born in Re Albi and knew the roads and ways around it as part of himself. He took the shortcut at Rissi's well and came out before midday on Semere's high pasture, a level step on the mountainside. A mile below it, all sunlit now, the farm buildings stood in the lee of a hill, across which a flock of sheep moved like a cloud-shadow. Gont Port and its bay were hidden under the steep, knotted hills that stood above the city. They jolted on all the next day through a summer thundershower or two and came at dusk to Kembermouth, a walled, prosperous port city. They left the carter to his master's business and walked down to find an inn near the docks. Dragonfly looked about at the sights of the city in a silence that might have been awe or disapproval or mere stolidity. "This is a nice little town," Ivory said, "but the only city in the world is Havnor." room with the spellbonds upon him he could hardly swallow the food. It tasted of metal, of ash. "I made the wrong choice." fighting against them, and at last crying out one other word. Then the man Ayeth crouched there, woods, walking a bit stiffly and scratching his head as he went, as people do when half awake. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course thoughts settled down and began to run clearer, he knew that he could not defeat a wizard of great. These kings and queens had some knowledge of the Old Speech and of magery. Some of them were certainly wizards, or had wizards to advise or help them. But magic in The Deed of Enlad is an erratic force, not to be relied on. Morred was the first man, and the first king, to be called Mage. didn't like to presume. Some people of great innate and trained power are able to find out the true name of another, or even to have it come to them unsought. Since such knowledge can be betrayed or misused, it is immensely dangerous. Ordinary people-and dragons-keep their true name secret; wizards hide and defend theirs with spells. Morred could not even begin to fight his Enemy until he saw his Enemy's name written in the dust by the falling rain. Ged could force the dragon Yevaud to obey him, having by both wizardry and scholarship discovered Yevaud's true name under centuries of false ones. to be ruled by a woman called the Dark Woman, who was in league with the Old Powers of the earth. "I'll bring food," he said, and strode on, quickening his pace so that he vanished soon, though not so abruptly as the Namer, in the light and shadow under the trees. Irian watched till he was certainly gone and then made her way through high grass and weeds to the little house. "She can lodge in the town," the Changer said, with some relief. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (96 of 111) [2/5/2004 12:33:31 AM]. Gelluk's attention turned entirely away from him then, fixed on the hillside and the vision he saw. The wizard started forward all at once, his eyes blazing, and cried, "Open to the King's name! I. He said, "I lost my way. Have I come to the villager?" His voice was hoarse and harsh, a beggar's. "You'd understand if I told you. Betritization, you see, isn't done by brit. With the brit, it's. By now the place that the girl had pointed out to me was deserted. After this incident I bewilder and entangle a slave trying to escape. Now he felt those spells like strands of cobweb, an interior filled with people both standing and seated; a multitude of tiny flashes surrounded. But they ain't like other folk. Seems there's no. They needed no persuasion. They rode off leaving everything behind, their blankets, the tent, the iron pot. "How do we get all that back to the village?" he asked the hinny. She looked after the two ponies and said what hinnies say. "Aaawww!" she said. She

He did not put out a finding spell, as any sorcerer might have done. Nor did he call to Diamond in any way. He was angry; perhaps he was hurt. He had thought well of the boy, and offered to write the Summoner about him, and then at the first test of character Diamond had broken. "Glass," the wizard muttered. At least this weakness proved he was not dangerous. Some talents were best not left to run wild, but there was no harm in this fellow, no malice. No ambition. "No spine," said Hemlock to the silence of the house. "Let him crawl home to his mother."..Otter stood motionless, effaced, as Anieb had stood in the room in the tower..thoughtful look.."I could teach you how to do that for yourself," the wizard said, smiling, watching Otter rub and flex his aching wrists and work his lips that had been smashed against his teeth for hours.
