The grey man peered across the unicorn's shoulder, and in the piece of glass he saw not his own reflection but the face of a young woman. "I'm afraid," she said cheerfully, "that you shall never be able to pick up the mirror unless the unicorn lets you, for it was placed here by a wizard so great and so old and so terrible that you and I need not worry about him." A sailor is splicing a rope in the stem, two others lowering a triangular sail between the foremast and the bowsprit, and a fourth is at the helm. A little group stands leaning on the starboard rail; one of them is a woman. The next glimpse is that of a running figure who advances into the screen and disappears. The adults were standing separately around the space while tiny helicopters flew around them, wrapping them from head to toe in strips of webbing like human maypoles. Downtown Cinema (or something) at the west end got good openings. The Nu-View, across the street and down, was showing an X-rated double feature. It was too depressing. So I closed the blind. What probably saved my life was that she did not have Selene's conscious coordination. The poker only brushed my forearm before smashing into the stone of the fireplace. Rubbing his head more savagely than ever on the lintel, as if to rip off his thoughts with his hide, Brother Hart removed his skin. "Alert all section leaders on the grid," Colman said to Driscoll. "And open a channel to Blue One." She was nothing if not honest. In the succeeding mornings, if I ran too slowly, she simply left me behind. She was blunt about what she thought and not at all hesitant about disagreeing with me. Still, there was no verbal swordplay and no pretense about her, which was as attractive in its way as Amanda's charming acquiescence. And I never ceased to be fascinated by the difference between Amanda's serenity and Selene's coUed-spring energy. It took perseverance, alertness, and a willingness to break the rules to watch the sunrise in Tharsis. Then Amos walked out to the boat with the broken glass. She shook her head, eyes hooded and expressionless, and then Nolan remembered that she didn't speak English. If you want to suit up, you just grab a whirlbird and hold onto its tail and throw it. It starts spinning as it flies, and wraps the end product around you. It takes some practice, but it works. The Thief of Bagdad may set some sort of record with three acceptable productions, all using widely different variations on the story of a thief who saves a princess. The silent 1924 Thief, with Douglas Fairbanks, looks pretty primitive in places but also has some special effects that can still awe. Alexander Korda's 1940 Thief doubles that in spades (the giant flying genie is just one of many), plus it has monumentally lavish sets. Even the Steve Reeves version seems to have been made with more care and wit than the rest of Mr. Reeves' spaghetti spectaculars, containing some good film magic of its own and a resounding score with one of those epic romantic themes (based, it must be said, on a theme from the Rozsa music for Korda).
