

THE DUBLIN REVIEW VOL 40 MARCH AND JUNE 1856

Ogion, obedient, bringing himself back to himself in the stuffy, tapestried room in Gont Port, did not understand the old man's joke until he turned to the window and saw the Armed Cliffs down at the end of the long bay, the jaws ready to snap shut. "I will," he said, and set to it..about him. There was a way out of the knot, if he turned around so, and then so, and parted the. Some of this I could figure out: I must have sat at her table by chance, when she was not. Thunder?.us, to life, to bear that word. So we grieved for our lord..He had a way with her cows that was wonderful. When he was there and she needed a hand, he took Berry's place, and as she told her friend Tawny, laughing, he was cannier with the cows than Bren's old dog had been. "He talks to em, and I'll swear they consider what he says. And that heifer follows him about like a puppy." Whatever he was doing out on the ranges with the beeves, the cattlemen were coming to think well of him. Of course they would grab at any promise of help. Half San's herd was dead. Alder would not say how many head he had lost. The bodies of cattle were everywhere. If it had not been cold weather the Marsh would have reeked of rotting flesh. None of the water could be drunk unless you boiled it an hour, except what came from the wells, hers here and the one in the village, which gave the place its name..Moon. He had understood the disguised language of the book to mean that in order to purify pure.socket..This speech, innate to dragons, can be learned by human beings. Some few people are born with an untaught knowledge of at least some words of the Language of the Making. The teaching of it is the heart of the teaching of magic.."You're in such a hurry. You still know nothing."..being a musician."..King Maharion sought peace and never found it. While Erreth-Akbe was in Karego-At (which may have been a period of years), the depredations of the dragons increased. The Inward Isles were troubled by refugees fleeing the western lands and by interruptions to shipping and trade, since the dragons had taken to setting fire to boats that went west of Hosk, and harried ships even in the Inmost Sea. All the wizards and armed men Maharion could command went out to fight the dragons, and he went with them himself four times; but swords and arrows were little use against armored, fire-spouting, flying enemies. Paln was "a plain of charcoal," and villages and towns in the west of Havnor had been burnt to the ground. The king's wizards had spell-caught and killed several dragons over the Pelnish Sea, which probably increased the dragons' ire. Just as Erreth-Akbe returned, the Great Dragon Orm flew to the City of Havnor and threatened the towers of the king's palace with fire..rebuilt, Ogion escaped from praise and went up into the hills above Gont Port. He found the queer.said, "Let us have the witch."..restore the law that Thorion returned."..heard of the isle or seen it on a chart? It might be accursed and deserted as they said, but..broken staff..Thirst: and with it pain. Thirst, and the sound of water running.."How do you do that?" she asked..with what is real, and the words it works with are the true words. So true wizards find it hard to..We have inhabited both the actual and the imaginary realms for a long time. But we don't live in..The girl nodded, looking at Tern, then at Crow. "The names witches give each other are not our concern here," he said. "If you have some interest in this woman, Doorkeeper, it should be pursued outside these walls - outside the door you vowed to keep. She has no place here nor ever will. She can bring only confusion, dissension, and further weakness among us. I will speak no longer and say nothing else in her presence. The only answer to conscious error is silence."..Golden grunted, unimpressed..Osskili, spoken in Osskil and two islands northwest of it, has more affinities to Kargish than to Hardic. Kargish has diverged most widely in vocabulary and syntax from the Old Speech. Most of its speakers (like most Hardic speakers) do not realise that their languages have a common ancestry. Archipelagan scholars are aware of it, but most Kargs would deny it, since they have confused Hardic with the Old Speech, in which spells are cast, and thus fear and despise all Archipelagan speech as malevolent sorcery..Back Cover:..of her hair she seemed only to endure his touch, and he stopped. When he tried to embrace her she.."Oh, you startled me!" she said. "What can I do for you, then?"..said, turning suddenly. The big, white-haired man, Kurremkarmerruk the Namer, was standing just.."What form is he in?"..with women, only women. But, then, if that's what's done. . . ."How's that?" she said. "You are. You have to be. Everybody is. What do you say?"

"Left," he said..Dragonfly peered close at Rose's work. Rose brought out a maggot, dropped it, spat on it, and probed again. The girl leaned up against the ewe, and the ewe leaned against the girl, giving and receiving comfort. Rose extracted, dropped, and spat on the last maggot, and said, "Just hand me that bucket now." She bathed the sore with salt water. The ewe sighed deeply and suddenly walked out of the yard, heading for home. She had had enough of medicine. "Bucky!" Rose shouted. A grubby child appeared from under a bush where he had been asleep and trailed after the ewe, of whom he was nominally in charge although she was older, larger, better fed, and probably wiser than he was..which we are sworn to follow."..her long arms and legs restlessly. "Will you?" she said.."He was here!" she

cried. "That foul heart, that Thorion!" She strode to meet the Patterner as he came into the starlight by the house. "I was bathing in the stream, and he stood there watching me!" "Hoary?" said the Patterner..He gave a sharp look at his staff, which leaned in the corner behind the door. He put the eggs in anything to do with what I do, what my mother does. Well, I don't want anything to do with what. She looked at the pages. Long, long lists of names and numbers, debts and credits, profits and losses..He had seen a father and son work together from daybreak to sundown, the old man guiding a blind ox, the middle-aged man driving the iron-bladed plough, never a word spoken; as they started home the old man laid his hand a moment on the son's shoulder..had known her name as soon as he saw her. Gift was a brave woman, but there was such a thing as being too brave. Or brave, they said around the tavern table, in the wrong way, or the wrong place, d'you see. Nobody should ought to meddle with sorcery that ain't born to it. Nor with sorcerers. You forget that. They seem the same as other folk. But they ain't like other folk. Seems there's no harm in a curer. Heal the foot rot, clear a caked udder. That's all fine. But cross one and there you are, fire and shadows and curses and falling down in fits. Uncanny. Always was uncanny, that one. Where'd he come from, anyhow? Answer me

And his balm's just pig fat, I'd swear. Well, so, he says to Otak, you're taking my business. And maybe Otak says the same back. And they lose their tempers, and they did some black spells, maybe. I guess Otak did. But he did no harm to the man at all, but fell down in a swoon himself. And now he doesn't remember any more about it, while the other man walked away unhurt. And they say every beast he touched is standing yet, and hale. Ten days he spent out there in the wind and the rain, touching the beasts and healing them. And you know what the cattleman gave him?
