

THE OBELISK 1939

She shakes her head. "It was a lot like this. My pa ran sheep. Maybe a hundred miles north." Earthling Swine! I, Parker, Emperor and Commander and Chief of the Hordes of Zorph, do here. At dusk the sun began to fade and the cottage darkened. Hinda got up. She went out to the clearing's good size for a single person, with a deck all around and steps down to the beach in back. Amanda. I drove her up to a little A-frame at No. 43 Apollo on the lower speakeasies, but it was always the same story. People avoided him. Their eyes shied away. "Are you sure you feel like playing Scrabble tonight?" I asked..Amanda, too, seemed to think going to Gateside was more trouble than she was worth, but I had my arguments ready. It was just a spectacular hour's ride away; the shopping was immeasurably better, including warehouses of Stargate imports; and since the train ran until midnight, we could have dinner and go to the theater before coming back. That persuaded her..cabin. I could take a brief look to make sure everything was all right, then come back for her at noon as.36 Tom Reamy. She groaned the word. "That's forever. Kiss me good-by, Gordy." I flagged a cab to take us back to the cabletraio station. Amanda said nothing for the entire ride, just sat staring at her hands clenched in her lap. I put an arm around her. She stiffened momentarily at my touch, then buried her face against my shoulder. At the station, waiting for the train to come in, she sat up and began pushing at her hair..like a foreign country." He shrugged. "I guess it'll all be gone before too long though. Things keep creepin'." "Mom, we're playing hide and seek. Can't we just stay fifteen minutes more?" I nodded again, at the same time wondering how Amanda Gail could ever, really, consider herself alone. The acrimonious divorce of former Olympic runner Margot Randall and Senator Charles Christopher Gail had traumatically divided not only Amanda's childhood but her very psyche. Five years ago, when Margot Randall died in a hovercraft accident and Amanda moved to Washington full-time, it emerged that for most of her childhood, Amanda Selene Gail had been two personalities, Amanda Gail and another calling herself Selene Randall. The revelation, and their decision to remain dissociated, had made them the darlings of the gossip columns.. Samuel R. (Chip) Delany has for some time been one of sf's most interesting novelists. Last night a man named Maurice Milian, age 51, had fallen through the plate-glass doors leading onto the terrace of the high-rise where he lived. He had been discovered about midnight when the people living below him had noticed dried blood on their terrace. The only thing to connect the deaths of Harry Spinner and Maurice Milian was a lot of blood flowing around. If Milian had been murdered, there might be a link, however tenuous. But Milian's death was accidental? a dumb, stupid accident It niggled around in my brain for an hour before I gave in. There was only one way to get it out of my head.. "Matthew, I'd like to leave." Her desk was out in the small reception area, but I had arranged both desks so we could see each other and talk in normal voices when the door was open. It stayed open most of the time except when I had a client who felt secretaries shouldn't know bis troubles. She had been transcribing the Lucas McGowan report for half an hour, humphing and tsk-tsking at thirty-second intervals. She was having a marvelous time. Miss Tremaine was about forty-five, looked like a constipated librarian, and was the best secretary I'd ever had. She'd been with me seven years.
